

Putin Taunts Blair

What *should* have happened:

Putin: **Is Saddam sitting in a bunker waiting to blow the whole place up with WMD?**

Blair: [smiles cheerfully] Dunno. If he is, will you resign your Presidency?

Putin: [indignantly] No.

Blair: So, you're not even willing to stake your career on the proposition. I'm not willing to stake countless lives on it.

Spot the difference.
